Addendum #1 to RFP BOR-1605

SOLAR PHOTOVOLTAIC SYSTEM(S)

Clarifications

1. In section 2.3 Project Schedule, change the Proposal Due Date and Time to 12:00pm, Friday May 6, 2016. Also change the Opening of Proposals to 12:15pm, Friday May 6, 2016. All other RFP Project Schedule milestones and deadlines remain unchanged.
2. In section 10 RFP Attachments, add the following "SCSU West Campus Loop One-Line Diagram" pdf drawing as Attachment O which is included as a separate document.
3. In section 10 RFP Attachments, add the following "SCSU Energy Center Federal Pacific Switchgear Elevation" pdf drawing as Attachment P which is included as a separate document.
4. In section 10 RFP Attachments, add the following "SCSU Photos of Electrical Manholes near Parking Lot #9" pdf document as Attachment Q which is included as a separate document.
5. In section 10 RFP Attachments, add the following "SCSU UI West Side 15-Min Interval Data" excel spreadsheet document as Attachment R which is included as a separate document.
6. In section 10 RFP Attachments, add the following "04/15/16 Pre-Proposal Conference Sign-In Sheet" pdf document as Attachment S which is included as a separate document.
7. In section 10 RFP Attachments, add the following "Table 9.1.14.e - SCSU PPA PV Array Proposal Detail Summary" excel document as Attachment T which is included as a separate document.
8. In Section 10 RFP Attachments, add the following "Wintergreen Garage Roof Warranty" pdf document as Attachment U which is included as a separate document.
9. In section 3.4.8 Lighting, the intent of this section is to have the Proposer be responsible for providing lighting in the Parking Lot #9 PV area(s) equal to or greater than the existing site lighting in lumens and coverage. Section 3.4.8 describes one way of accomplishing this goal. SCSU will consider other options offered by the Proposer for maintaining the existing lighting levels so that we can maintain a safe and secure environment in and around the proposed PV array area(s) for the duration of the agreement while having the Proposer be fully responsible for the installation, operation and maintenance of the lighting for the duration of the agreement.
10. In the section 2.1 header label, change it to read "**NON-MANDATORY PRE-PROPOSAL CONFERENCE**". This was always the intent to be non-mandatory as stated in other locations throughout the RFP text.

ALL TERMS AND CONDITIONS OF RFP BOR-1605 REMAIN UNCHANGED.
